

Ref: PDO/EVO/2016/0011

Date: 27<sup>th</sup> September 2016

**To: Local Community Companies (LCCs)**

**After Compliments,**

**Subject: Transfer of LCC registration to Joint Supplier Registration System (JSRS)**

As part of improving and managing LCC registration, we are pleased to advise that, the LCC registration has been incorporated into the online platform Joint Supplier Registration System (JSRS). The JSRS is developed and implemented by Business Gateways International (BGI) based in Oman.

The JSRS LCC registration will go live by **November 2016** and the current PDO LCC certificate will automatically get expired by **January 2017** and will not be accepted by PDO main contractors beyond this date.

Hence all LCCs are required to register online at JSRS via [www.businessgateways.com](http://www.businessgateways.com) in order to benefit from LCC ring fence scope.

Should you need any further clarification, please contact BGI on Tel: 24166100 or email: [register@businessgateways.com](mailto:register@businessgateways.com)

Yours faithfully

**For and on behalf of Petroleum Development Oman LLC.**

**Khalfan Al Busaidy**
